Trained for “Saving Lives” in Sonoma County

Sebastopol, CA: In collaboration with the American Red Cross and ZOLL Medical Corporation, Ron Rubin Winery is covering the cost of one ZOLL AED PLUS (Automated External Defibrillator) unit, to each qualifying Sonoma County winery.

This sustainability and safety program is designed to keep everyone at a Sonoma County winery safe and saved, if necessary.

In order for a winery in Sonoma County to qualify to receive a ZOLL AED PLUS, Sonoma County winery owners or representatives must contact Ron Rubin, either by Email at ron@ronrubinwinery.com, or call 314.726.9630

After a winery’s qualifications are approved to receive a ZOLL AED PLUS, it will be promptly contacted, by a representative from the American Red Cross, to schedule CPR/AED/First Aid training for the winery’s team. Winery participants will cover the cost of their staff training.

To date, the following wineries have taken advantage of this important life-saving program.
