# 2026 PLANNING GUIDE WINEBUSINESS MONTHLY

Make sure potential customers are excited to come visit your booth at the Unified Symposium. Attendees rely on our Unified Preview Guide to plan which exhibitors's booths to visit and what to purchase—making it an essential resource to drive sales.

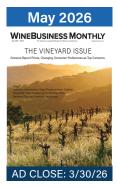

Get your brand and your products in front of Unified Symposium attendees immediately before they visit the tradeshow floor. Our February issuefeaturing the highly anticipated State of the Wine Industry analysis—is one of the year's most read. It's placed on the chairs at Unified's General Session, held just before the tradeshow opens, ensuring maximum impact.

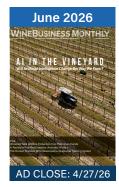

March and April are peak months for winery equipment purchases. Showcase your products in our March tanks issue, with added exposure at WiVi Central Coast and our Eastern Winery Expo.

Tasting rooms nation-wide are searching for ways to attract new customers, grow club memberships, and boost sales. Our annual Tasting Room Survey is their go-to benchmarking tool. Make sure your products are part of the conversation.

Smart growers know the industry runs in cycles. They're replanting, removing older, lower-performing vineyards to make room for new vines that will hit peak production as the market rebounds. Our Annual Vineyard Survey ignores the headlines, revealing the real impact of replants, vine pullouts and shorter contracts. Position your brand with these forward-thinking wineries and growers.

If companies are investing in anything, it's in the tools that make their operations more efficient. Our review of the newest vineyard automation tools will be widely read by wineries and growers. Make sure they see your brand and product.

Winemakers rely on WineBusiness Monthly's Annual Barrel & Oak Survey when evaluating barrels and oak alternatives. Even in soft markets, smart wineries are rethinking their oak regimens. Make sure your brand is visible as they research purchases.

When decision-makers research packaging, they turn to our Annual Packaging Survey. This survey's results reveals trends, preferences, and insights on bottles, closures, and more. Wineries will use this data to guide purchasing—will your product be part of their decision?

Our PACK Design Awards, the only one in the wine industry, showcase the best—and worst—packaging in the wine industry. Wineries study this issue to see what works. Will your brand and packaging product be there?

Our annual WBM Salary Survey provides the definitive guide to salary benchmarks in the wine industry. From the cellar to the vineyard to the tasting room, this survey provides all winery workers and HR managers the best information about actual salary ranges across regions-unsurprisingly, it's our most viewed online issue of the year.

When researching winemaking equipment, winemakers turn to our **Annual Winery Equipment Survey**. Get your products in front of decision-makers as they evaluate their next investment.

December is budget season. Wineries are planning next year's purchases in cooperage, packaging, and equipment. Make sure your products are top of mind.
